**Andrew Shelton
Club Budget**

The Finance Committee met last month to discuss the Club’s financial status and to create a draft budget for the remainder of the year. Andrew shared with those in attendance the document shown below. The good news is that the Club is financially stable due to our fundraising efforts and the meeting fees. Therefore, this stability will allow the Club to increase the amount of community service projects to be completed in the future.

Please Note: You will find some items with “?”. These projects have yet to be defined through the strategic planning process and approved by the membership. Next week the membership will have the opportunity to finalize the projects and the Board will then make decisions regarding the allocations of funds to each.
