### THIS WEEK'S PROGRAM:

#### **Angela Crawley** **Anzar High School Principal**

It has been quite the roller coaster ride for Principal Angela Crawley during her three-year tenure at Anzar High School. She began her first year by having to implement distance learning mid-year with online instruction lasting all of her second year as principal. However, students and staff are finally back on campus and *"I'm excited to be back!"*

Students (315) are fully back in classes with no students on independent study. All staff and students are required to wear masks. *"I'm so proud of our school community for how compliant and cooperative everybody has been with this. We've had very few positive cases on campus and really only one at risk of exposure to other people. We're doing a really great job and I just continue to tell everybody how proud I am of them for taking this seriously and being protective of one another."*

Angela discussed numerous activities being implemented this school year.

- ❖ Girls' volleyball matches have begun with the girls, coaches, referees, and spectators wearing masks. Football will begin on September 23<sup>rd</sup>. All athletic event schedules are listed on the school's website.
- ❖ Parent meetings continue to be held online.
- ❖ A partnership with Safeway is being sought to host a vaccination clinic on the Anzar campus.
- ❖ During the summer, teachers had the opportunity to attend online professional learning seminars.
  - ☆ Five Anzar staff members attended an *"extremely engaging"* three-day project-based learning workshop. *"We are looking to make some positive changes to our graphics program this year; incorporating it into the core curriculum to enrich the curriculum. The project-based learning training helps us do that."*
  - ☆ Nine staff members attended Advancement Via Individual Determination (AVID) training. AVID is a K-12 program. Anzar is offering two elective periods of AVID; one in grades 9 and 10 and one in grades 11 and 12. *"We have one teacher who's teaching those two elective periods and the other eight of us are part of a site team to support the implementation of AVID strategies in core curriculum classes."*
- ❖ The schoolwide goal is to teach organizational skills to students (i.e., organization of backpacks, calendars, learning materials). The AVID team is specifically concentrating on note-taking skills *"during lectures or even collaboration to hopefully prepare them for their life beyond high school."*
- ❖ The Associate Student Body (ASB) is beginning to organize and plans to schedule a "Club Day" soon. Students will then be able to sign-up for clubs including signing up for the Rotary's Interact Club. *"We're excited to invite the Rotary Club back on campus!"*
